

## 1. Mpower Impact Documentation Initiative: Qualitative Data Collection

### Project Background

The main goal of this project is to collect qualitative data that shows how Mpower's current projects are making a difference. Through capturing moments, testimonials and activities, the volunteer contributes to portraying the effectiveness of Mpower's initiatives. We want qualitative data - Narrations, audio visuals and pictures.

### Objective of the Project:

To collect qualitative data for our existing project. This involves accompanying Mpower team members to various locations to document the work through narrations, audio visuals and pictures.

### Deliverable:

As a volunteer who will be doing impact reporting, the deliverables include capturing impactful moments, testimonials, and outcomes through video and photography. This is to be done at least for one project and maximum for 3 projects.

**Identifying Impactful Moments:** You will need to be vigilant and observant during project activities to identify moments that showcase the positive impact of Mpower's work. These could include moments of transformation, community engagement, or any significant milestones achieved.

**Collecting Testimonials:** Engage with beneficiaries, participants, and stakeholders to gather testimonials that highlight the personal experiences and outcomes resulting from Mpower's initiatives.

**Documenting Outcomes:** Use both video and photography to document the outcomes and results of Mpower's projects. This could involve capturing before-and-after scenarios, progress over time, or the tangible benefits experienced by individuals or the community as a whole.

### Volunteer Profile:

- **Required Skill Set:** Shooting & Editing Video, Photography, Compilation (Using own camera), documenting
- **Qualification:** Minimum Junior College education in any field.
- **Professional Experience:** Any
- **Languages Known:** English

- **Attributes:** The ideal candidate should possess the ability to capture the best moments in available light and surroundings, ensuring high-quality documentation of Mpower's activities.

#### **Project Details**

- **Project Period:** 6 months
- **Time Commitment:** 6 weeks
- **Type of delivery:** Onsite
