24x7 Mental Health Helpline

- On 3rd April 2020, **Mpower, along with the BMC and Government of Maharashtra**, launched a mental health helpline called 'BMC-Mpower 1on1' to assist callers facing mental health concerns due to the Covid 19 pandemic.
- A year later we also launched a 24 x 7 live chat facility to cater to those who wouldn't be able to find the privacy to make a call.

Our team of 20 therapists works on a rotational basis to help callers with concerns like anxiety, relationship concerns, work stress, suicidal ideation. For concerns that require long term therapy or psychiatric consultation, we liaise with our Centres to provide a smooth transition for the caller.

Apart from metros like Mumbai, Delhi and Bangalore, we also get calls from Tier 2 and Tier 3 cities like Pune, Lucknow, Jammu, Gulbarga, and Bhubhaneshwar.

Through Project Mann, we launched a dedicated helpline to provide emotional support to the CISF units of Mumbai and Delhi airports. Outbound calls were made to each personnel to proactively enquire about their emotional well-being and stress levels and assist them with coping skills for the same.

Awareness Initiatives

Through Mpower – The Movement, our awareness vertical, we strive to bring about a cultural shift and a change in the mind-set of people by addressing misconceptions, fostering positive attitudes, disseminating correct information, and alleviating stigma related to mental illnesses.

Some of our offline & online initiatives are:

- Ride to Mpower – city-wide cycling event
- The Happy Place – inter-school mental health fest
- GenM & The Mpower Fest – music fest
- #SpeakUp with Mpower – spoken word performance for mental health awareness
- Art Express – volunteer-led wall painting
- Be the Change – conference on school mental health
- World Suicide Prevention Day – awareness activities
- World Mental Health Day – uniting brands

From the Chairperson's Desk

Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence – Helen Keller

In the recent years, we've really seen a paradigm shift in the field of healthcare with an increased focus on health and fitness beyond just curing illness and instead on actively working towards a preventive, holistic lifestyle. A healthy body needs a healthy mind and finally, the spotlight is on mental health as well.

In India, the Mental Health Act was passed in 2018 and is in the final stages of implementation across 29 states. While these are great steps in the right direction, deep-rooted stigma, lack of awareness and lack of access to mental healthcare stand in the way of any true progress.

Mpower is an on-going endeavour to be the movement to affect that change and we are determined to keep chipping away at this resistance in our humble way.

Do join our mission so that together, we can work towards creating a sound ecosystem for mental health in India – so that we can become a stigma-free society where mental healthcare and well-being is a priority for everyone.

Let us
#StampOutStigma together.
